Safe and Drug-Free Schools Program

PROGRAM FOUNDATION

Principal Goal

The **goal** of the SDFS program is to build on the strengths of Idaho students by establishing a positive learning environment that is safe, and drug and violence free in which youth may develop to their maximum academic and life skills potential.

Primary Objectives

- ◆ Develop age appropriate comprehensive drug education and prevention programs involving parents, schools and community.
- ◆ Provide a school environment that is a safe and drug-free place for students to learn and for adults to work.
- ◆ Enhance interwoven prevention and awareness activities that assist in the development of risk/protective factors and life skills and build on developmental assets.

Prevention Strategies:

Researchers have identified several strategies that seem to prevent the involvement of young people in drug use, violence and other harmful behaviors. In implementing prevention efforts for youth, all of these strategies should be incorporated:

- ◆ Provide information
- ◆ Provide life skills training
- ◆ Provide alternative activities
- ◆ Involve the community

COMPREHENSIVE PROGRAMS – Annual school district applications are submitted for approval; however, before approval is granted districts are required to use "**Principles of Effectiveness**" to develop comprehensive substance abuse and violence prevention programs designed to meet the needs of all students.

Components for Comprehensive Program (Design Implementation):

- ◆ **Curriculum** – Prevention programs implemented and taught in classroom setting during the school day.
- ◆ **Non-Curriculum** – Activities that emphasize and reinforce prevention programs before and after school and during lunch.
- ◆ **Peer-Delivered** – Youth-led activities, such as mentoring, peer mediation, cross-age teaching, and Natural Helpers.
- ◆ **Intervention** – Services or activities that provide help, such as Student Assistance Programs (SAP), counseling, and drug/alcohol assessments.
- ◆ **Alternative/Charter Schools** – Programs established in alternative school teaching environment and charter schools.
- ◆ **Parent/Community** – Awareness/educational prevention and parenting skills programs.
- ◆ **Special Events** – Assemblies, presentations, and activities that reinforce prevention efforts.
- ◆ **Prevention Staffing/Development** – Staff involved in implementing prevention programs, workshops, seminars and trainings.
- ◆ **Volunteers** – Comprehensive approach costs associated with prevention volunteer activities.
